## ABOUT ME

I'm a student in a computer science degree program (BUT informatique), and I'm looking for an internship as a web/software developer for 8 to 12 weeks starting April 15. I'd like to apply my curiosity, my rigor and all my IT skills.

## MY PROJECTS

**Puissance 4 game development** 2022 - 2023, IUT Lannion

Development of the game model, writing in algorithmic language, translation into C language, and creation of a game algorithm.

**Creation of a showcase website** 2022 - 2023, IUT Lannion

Distribution of tasks, expression of needs, tree structure on Gloomaps, selection of content, graphic charter on Figma, layout on Figma, development of the site in HTML, CSS and JavaScript.

**Transposition of a board game (Dice Thrones)**

2021 - 2022, Lycée Auguste et Jean Renoir in Angers

Layout of the game on Figma, writing of a few functions in algorithmic language, development of the game in Python.

**Création d'un site web de quizz**

2021 - 2022, Lycée Auguste et Jean Renoir à Angers

Distribution of tasks, selection of content, layout on Figma, development of the site in HTML, CSS and a little JavaScript.

## EXPERIENCES

**Seasonal** Summer 2023, Angers (49)

- Material handler, Adecco (49)
- Product shelving, Super U (49)

**Interim** Summer 2022, Adecco (49)

Landscaper | Material handler | Waiter | Remover

**Internship in a software design office**

April 2022, Evolis (49) - 1 week

Development of a mobile business application available on the Playstore

Language: XML | JavaScript

## EDUCATION

**BUT INFORMATIQUE, 2nd year**

IUT Lannion (22) - Sept.2022 to today

**GENERAL BACCALAUREATE**

Lycée Auguste et Jean Renoir, Angers (49)

Sept.2020 - Sept.2022

Mathematics and NSI (Numerics and Computer Science) specialization

## LANGUAGES
